- 4.1 The Tennis Anti-Doping Programme (the "Programme") is set out in full on the website of the International Tennis Integrity Agency ("ITIA") (www.itia.tennis). Except with respect to matters arising prior to 1 January 2022, the ITF has delegated all aspects of doping control and education (as defined in the programme) to the ITIA. The ITIA has full authority and autonomy to perform the delegated duties on behalf of the ITF, and will do so in compliance with the Programme, the Code, and the International Standards. The ITF will remain accountable to WADA for such compliance. The Programme will be published and distributed by the ITF or the ITIA

(on behalf of the ITF) to all National Associations. The purpose of the Programme is to implement the World Anti-Doping Code (the "Code") in the Sport of Tennis, and so to maintain the integrity of the sport and protect the health and rights of tennis players. The Tennis Integrity Supervisory Board may amend the Programme at any time as it deems necessary to achieve those aims.

4.2 Application of the Programme to National Associations and those associated with the National Associations:

4.2.3 Each National Association must require all players under its jurisdiction, including those players preparing for and/or participating in a competition or activity authorised or organised by the National Association or by one of its members or affiliates, and all player support personnel associated with such players, to agree as a condition of participation or involvement to be bound by the Programme and to submit to the Results Management authority of the ITF (and of the ITIA on behalf of the ITF) or other anti-doping organisation with such authority under the Code (as applicable) in relation to the Programme.

4.2.4 Each National Association must report any information suggesting or relating to an anti-doping rule violation to the ITIA and to the National Association's National Anti-Doping Organisation ('NADO'), and must cooperate with investigations conducted by the ITIA, the NADO, and/or any other anti-doping organisation with authority to conduct the investigation.

4.2.5 If the ITF or the ITIA (on behalf of the ITF) delegates any aspect of Testing and/or Results Management under the Programme to a National Association, the National Association must delegate such Testing and Results Management to its NADO or otherwise conduct such Testing and Results Management itself in accordance with the International Standard for Results Management.

- 4.3.1** National Associations must incorporate anti-doping rules equivalent to the Programme, the Code and the associated International Standards (as amended from time to time) into their own rules, so that they and/or their respective NADOs may enforce those rules against players (including national-level players) and other persons under their jurisdiction. Those rules must give the ITF (and the ITIA on behalf of the ITF), WADA, and the relevant NADO the rights of appeal set out in the Code in respect of decisions made under those rules.
- 4.3.2** Each National Association must require all players under its jurisdiction, including those players preparing for and/or participating in a competition or activity authorised or organised by the National Association or by one of its members or affiliates, and all player support personnel associated with such players, to agree as a condition of participation or involvement to be bound by the National Association's anti-doping rules and to submit to the results management authority of the National Association or its NADO (as applicable) in relation to such rules.
- 4.3.3** Subject to applicable law, each National Association must require all of its board members, directors, and officers, and all of its employees and delegated third parties (and their employees) who are involved in any aspect of Doping Control, to agree to be bound by the Programme and by the National Association's own anti-doping rules as a condition of such position or involvement.
- 4.3.4** Each National Association must take appropriate action to enforce compliance with its anti-doping rules by persons under its jurisdiction by (among other things):
- (a) conducting Doping Control only under the documented authority of the ITF or its NADO and in accordance with the International Standards and/or mandating one or more delegated third parties to collect samples in accordance with the International Standard for Testing and Investigations from players under its anti-doping authority;
 - (b) recognising the authority of the NADO in its country in accordance with Code Article 5.2.1 and assisting as appropriate with the NADO's Testing of players under its jurisdiction; and
 - (c) ensuring all samples collected from players under its anti-doping jurisdiction are analysed by a WADA-accredited or WADA-approved laboratory;
 - (d) ensuring that the results of any testing and any anti-doping rule violations that are discovered are managed properly by its NADO, or otherwise by the National Association itself, in accordance with the International Standard for Results Management; and
 - (e) ensuring that any anti-doping rule violations arising under its anti-doping rules are adjudicated by an operationally independent hearing panel in accordance with Article 8.1 of the International Standard for Results

Management, with the ITF (and the ITIA on behalf of the ITF) kept informed throughout.

- 4.3.5** National Associations shall report to the ITF (and the ITIA on behalf of the ITF) at the end of every calendar year results of all testing conducted within their respective jurisdictions, sorted by player and identifying each date on which the player was tested, the entity conducting the test, and whether the test was in-competition or out-of-competition. The ITF and/or the ITIA (on behalf of the ITF) may periodically publish such data received from National Associations.
- 4.4** Subject to applicable law, National Associations must not knowingly employ a person in any position involving Doping Control (other than authorised anti-doping education or rehabilitation programmes) who has been provisionally suspended or is serving a period of ineligibility under the Programme or the Code or a National Association's anti-doping rules, or (if they were not subject to the Code) who has directly and intentionally engaged in conduct within the previous six years that would have constituted a violation of Code-compliant anti-doping rules if such rules had been applicable to them.
- 4.5** National Associations must have disciplinary rules in place to prevent player support personnel who are using prohibited substances or prohibited methods without valid justification from providing support to players who are under the jurisdiction of the ITF or the National Association.
- 4.6** National Associations must conduct anti-doping education in coordination with the ITF and/or the ITIA (on behalf of the ITF) and their respective NADOs and otherwise as required under THE Programme.

INTERNATIONAL OLYMPIC COMMITTEE

(Any amendments made to these Rules by the IOC will be accepted by the Company)

Extracts from the Olympic Charter (8 August 2021 edition)

Chapter 3 – The International Federations

Rule 25 Recognition of IFs

In order to develop and promote the Olympic Movement, the IOC may recognise as IFs international non-governmental organisations governing one or several sports at the world level, which extends by reference to those organisations recognised by the IFs as governing such sports at the national level.

The statutes, practice and activities of the IFs within the Olympic Movement must be in conformity with the Olympic Charter, including the adoption and implementation of the World Anti-Doping Code as well as the Olympic Movement Code on the Prevention of Manipulation of Competitions. Subject to the foregoing, each IF maintains its independence and autonomy in the governance of its sport.

Rule 26 Mission and Role of the IFs within the Olympic Movement

- 1 The mission and role of the IFs within the Olympic Movement are:
 - 1.1 to establish and enforce, in accordance with the Olympic spirit, the rules concerning the practice of their respective sports and to ensure their application;
 - 1.2 to ensure the development of their sports throughout the world;
 - 1.3 to contribute to the achievement of the goals set out in the Olympic Charter, in particular by way of the spread of Olympism and Olympic education;
 - 1.4 to support the IOC in the review of candidatures for organising the Olympic Games for their respective sports;
 - 1.5 to assume the responsibility for the control and direction of their sports at the Olympic Games;
 - 1.6 for other international multisport competitions held under the patronage of the IOC, IFs can assume or delegate responsibility for the control and direction of their sports;
 - 1.7 to provide technical assistance in the practical implementation of the Olympic Solidarity programmes;
 - 1.8 to encourage and support measures relating to the medical care and health of athletes.
- 2 In addition, the IFs have the right to:
 - 2.1 formulate proposals addressed to the IOC concerning the Olympic Charter and the Olympic Movement;
 - 2.2 collaborate in the preparation of Olympic Congresses;
 - 2.3 participate, on request from the IOC, in the activities of the IOC commissions.

Chapter 5 – The Olympic Games

II Participation in the Olympic Games

Rule 40 Participation in the Olympic Games

To participate in the Olympic Games, a competitor, team official or other team personnel must respect and comply with the Olympic Charter, the World Anti-Doping Code and the Olympic Movement Code on the Prevention of the Manipulation of Competitions, including the conditions of participation established by the IOC, as well as with the rules of the relevant IF as approved by the IOC, and the competitor, team official or other team personnel must be entered by his NOC.

Bye-law to Rule 40

- 1 Each IF establishes its sport's rules for participation in the Olympic Games, including qualification criteria, in accordance with the Olympic Charter. Such criteria must be submitted to the IOC Executive Board for approval.
- 2 The application of the qualification criteria lies with the IFs, their affiliated national federations, and the NOCs in the fields of their respective responsibilities.
- 3 Competitors, team officials and other team personnel who participate in the Olympic Games may allow their person, name, picture or sports performances to be used for advertising purposes during the Olympic Games in accordance with the principles determined by the IOC Executive Board.
- 4 The entry or participation of a competitor in the Olympic Games shall not be conditional on any financial consideration.

Rule 41 Nationality of Competitors

- 1 Any competitor in the Olympic Games must be a national of the country of the NOC which is entering such competitor.
- 2 All matters relating to the determination of the country which a competitor may represent in the Olympic Games shall be resolved by the IOC Executive Board.

Bye-law to Rule 41

- 1 A competitor who is a national of two or more countries at the same time may represent either one of them, as he may elect. However, after having represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, he may not represent another country unless he meets the conditions set forth in paragraph 2 below that apply to persons who have changed their nationality or acquired a new nationality.
- 2 A competitor who has represented one country in the Olympic Games, in continental or regional games or in world or regional championships recognised by the relevant IF, and who has changed his nationality or acquired a new nationality, may participate in the

Olympic Games to represent his new country provided that at least three years have passed since the competitor last represented his former country. This period may be reduced or even cancelled, with the agreement of the NOCs and IF concerned, by the IOC Executive Board, which takes into account the circumstances of each case.

- 3 If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, if a country merges with another country, or if a new NOC is recognised by the IOC, a competitor may continue to represent the country to which he belongs or belonged. However, he may, if he prefers, elect to represent his country or be entered in the Olympic Games by his new NOC if one exists. This particular choice may be made only once.
- 4 Furthermore, in all cases in which a competitor would be eligible to participate in the Olympic Games, either by representing another country than his or by having the choice as to the country which such competitor intends to represent, the IOC Executive Board may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any competitor, including the duration of any waiting period.

Rule 43 World Anti-Doping Code and the Olympic Movement Code on the Prevention of Manipulation of Competitions

Compliance with the World Anti-Doping Code and the Olympic Movement Code on the Prevention of Manipulation of Competitions is mandatory for the whole Olympic Movement.

III Programme of the Olympic Games

Rule 46 Role of the IFs in relation to the Olympic Games

- 1 Each IF is responsible for the control and direction of its sport at the Olympic Games. All elements of the competitions, including the schedule, field of play, training sites and all equipment must comply with its rules. For all such arrangements, the OCOG must consult the relevant IFs.
- 2 The OCOGs shall work closely with the IFs in the planning and delivery of each sport and agree upon specific responsibilities with the relevant IFs, under the direction of the IOC Executive Board.
- 3 The OCOG must ensure that the various sports included in the programme of the Olympic Games are treated and integrated equitably.
- 4 The final decision of the competition schedule and daily timetable of events is made by the IOC Executive Board.
- 5 The IOC Executive Board determines the number and the method for selection of competitors for doping tests and all other anti-doping measures during the period of the Olympic Games after consultation with each IF.
